BEYOND COMPLIANCE

ESG

ENVIRONMENTAL SOCIAL GOVERNANCE

ENVIRONMENTAL, SOCIAL, GOVERNANCE (ESG) SOLUTIONS

OutSolve experts will help you develop an actionable ESG strategy with defined and measurable initiatives. The final ESG report will provide an executable plan you can integrate into your operations.

WHAT IS ESG

Environmental, social, and governance (ESG) criteria are a set of standards for a company's operations that also help socially conscious investors screen potential investments. Environmental criteria include a company's energy use, waste, pollution, natural resource conservation, and treatment of animals. The criteria can also help evaluate any environmental risks a company might face and how the company is managing those risks. Social criteria examine how it manages relationships with employees, suppliers, customers, and the communities where it operates. Governance deals with a company's leadership, executive pay, audits, internal controls, and shareholder rights.

SERVICE DESCRIPTION

ESG is not just about disclosures. Success depends on a sustainable plan that yields material results. OutSolve experts will guide you through ESG risks and opportunities to develop a clear ESG story using tech-enabled data insights and monitoring. Your plan will include more than just climate disclosures—you'll receive purposeful recommended actions that address regulatory, stakeholder, investor, and leadership expectations.

Services Include:

- A dedicated, ESG-certified OutSolve consultant
- Gathering and evaluation of information and data
- Company survey to assess the organization's current situation
- Assess climate risk and diversity, equity, and inclusion opportunities
- A draft report is prepared and reviewed with the Client
- The final report and presentation are delivered to the Client
- An ESG Engaged™ badge is also delivered. Use the badge to showcase and promote your ESG efforts on your website and social media.
